

My name is Katie LaPointe. I am the President of Litchfield County Creating Hope. We are excited to announce our 2nd Annual Harvest Festival planning has started! The event is taking place on Sunday, October 3rd at Alain White Field/Lion Pavilion located on Route 209/Bantam Lake Rd in Bantam. Attached you will find our Vendor form.

Litchfield Country Creating Hope is a non-profit that raises awareness for mental health issues and helps those affected by suicide. Vendor Fees for this event help us provide Scholarships to students pursuing their education in the mental health field. They also help us provide educational programs to Litchfield County Citizens.

Our first Harvest Festival had a great turn out! We had 42 vendors and had over 500 ppl throughout the day. We hope this year's event will be even better and provide more parking and room to spread out additional vendors

We can't wait to be back out in the sunshine together!

Thank you for taking the time to consider being a part of this event.
